DETAILED ACTION

Allowable Subject Matter

Claims 18-19 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is cited on the PTO 892 and IDS forms of record. As stated in the previous Office action, none of the references or combinations thereof anticipate or make obvious depositing a nitride/oxide bilayer surrounding the gate region; removing the polysilicon layer and sacrificial gate dielectric; growing said gate dielectric over said patterned gate structure; depositing a metal gate liner over the gate dielectric; depositing a silicon layer over the metal liner; planarizing the structure using CMP; forming a silicide metal layer; annealing the gate structure and removing any unreacted metal as required by Claims 18-19. Therefore, Claims 18-19 are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
